

TECHNICAL DATA

K-PW 63

Powdered Spray Cabinet Cleaner

Product Description and Purpose

K-PW 63 is an aluminum safe, high-pressure spray cabinet powdered cleaner that may also be used in multi-stage industrial spray washers. This product contains a biodegradable surfactant that is effective in removing all shop soils. **K-PW 63** is a mildly alkaline, caustic free cleaner that is suitable for use in areas of hard water. It is safe on all aluminum alloys and other soft metals. **K-PW 63** effectively eliminates water spotting due to hard water.

Features/Benefits

Concentrated
Economical to use

General Usage Directions

High-pressure Spray: Use 1 pound per 5 gallons of water

Multi-Stage Industrial Spray: Use 1 to 3 oz. per gallon. Use **K-PW 63** at 70°-160°F.

K-PW 63 is recommended as a general purpose cleaner covering a wide range of water and soil conditions. **K-PW 63** is low foaming permitting its use in the above mentioned spray washing units.

Physical Properties

Form	Powder
Color	Tan
