

TECHNICAL DATA

VW-965

Heavy Duty Alkaline Vehicle Wash

Product Description and Purpose

VW-965 is a heavy-duty alkaline powder for use in full service and self-service car and truck washing systems. **VW-965** is also very well suited for use through hot or cold water high pressure washers. Its effective surfactant system cuts through and removes dirt and road film while maintaining excellent rinsability.

Features/Benefits

- Concentrated
- Economical to use
- Clean rinse

General Usage Directions

VW-965 may be diluted from 1/3 to 1 pound per gallon to produce a liquid concentrate for further dilution before vehicle application. A starting point dilution of the concentrate at 64:1 or 2 oz/gallon is recommended. Adjust as required from this starting point. **VW-965** is perfect for use in full service and self-service car and truck washing systems. **VW-965** is also very well suited for use through hot or cold water high pressure washers.

Physical Properties

Form	Powder
Color	Red/Pink
Odor	Cherry
pH	11.5-13.0
