

TECHNICAL DATA

CK Circuit & Contact Cleaner

Contact Cleaner

Product Description and Purpose

CK Circuit & Contact Cleaner is a non-conductive, non-corrosive aerosol that removes all types of contamination (grease, oil, dust) from operating electrical equipment. Ideal for removing dirt and grease from delicate or sensitive electronic equipment. It will not harm most plastics, paint or wire insulation like other chlorinated substances. This product is non-flammable and has high dielectric strength. Its 3-way action cleans, restores and protects.

Features/Benefits

- Non-Flammable per Flame Extension Test
- High Dielectric Strength
- Leaves No Residue
- Fast Drying

General Usage Directions

Spray **CK Circuit & Contact Cleaner** at 6-8 inches from surface – floats dirt and other harmful elements away instantly.
