

TECHNICAL DATA

CK Max Bond HD

Trim Adhesive

Product Description and Purpose

CK Max Bond HD is a fast drying, high strength adhesive that provides a strong bond to most substrates and is heat, moisture, and water-resistant. Package is equipped with a unique 3-way adjustable spray nozzle. This enables technicians to vary the width of the spray pattern with minimal overspray. Will bond carpets, urethane foam insulation, vinyl tops, kick pads, upholstery, headliners, etc.

Features/Benefits

- Fast Drying
- Heat Resistant
- All Surface
- High Strength Formula
- Will Not Attack Foam
- 3-Way Nozzle

General Usage Directions

Use at room temperature. Spray from 6-8 inches.

1. Shake can vigorously for one minute after mixing ball begins to rattle.
2. Select spray pattern by rotating nozzle to desired position.
3. Spray evenly on both surfaces.
4. Allow to dry 1 to 3 minutes, but not more than 30 minutes.
5. Align and press surfaces together.
6. Invert can and spray to clean nozzle.
