

# TECHNICAL DATA

## CK Pen-Etrator Foaming Rust Penetrant

### Product Description and Purpose

**CK Pen-Etrator** is an outstanding penetrant that loosens the toughest rust. It contains oily lubricants to assist in removal of nuts back off of threads, and penetrants creep between mating parts for faster, safer loosening. **CK Pen-Etrator's** foaming action minimizes run off and keeps more product working on the rusted part.

### Features/Benefits

- Penetrates Rust & Corrosion
- Long Lasting Penetration
- Resists Temperature Breakdown
- Extreme Pressure, Creeping Formula
- Prevents Rust & Corrosion

### General Usage Directions

1. Shake **CK Pen-Etrator** can vigorously for one minute after mixing ball begins to rattle.
2. Spray on all corroded, rusted, or frozen parts.
3. Let stand for several minutes to allow thorough penetration.
4. If necessary, tap lightly to speed and insure penetration. In extreme cases a second application may be necessary.

### Physical Properties

Form	Aerosol
Color	Clear
Odor	Characteristic

### Caution

Keep out of reach of children. Keep container tightly closed when not in use. Protect from freezing. For industrial use only. Read Safety Data Sheets for more information.
