

TECHNICAL DATA

CK Rubberized Undercoating Professional Black Undercoating

Product Description and Purpose

CK Rubberized Undercoating is an asphaltic, rubberized base undercoat for use on cars, trucks and trailers, etc. Prevents rust and deaden sounds. It leaves a firm, black, resilient, rubbery texture which will provide years of protection and is paintable. It is an extremely durable rust and corrosion inhibitor. Resists chipping and will not crack or peel with age.
