

TECHNICAL DATA

Super Flare Heavy-Duty Concrete Cleaner

Product Description and Purpose

Super Flare is a granular, dustless powder formulated for greater grease lifting and grease holding power. It will provide quick removal of heavy soil accumulation and grease from floors, garbage cans, storage areas, and loading docks. Special wetting agents, in high proportion in this product, make it extremely effective. Cost less to use than ordinary cleaners do. **Super Flare** contains a light, pleasant aromatic that acts as an air freshener. Does its best work in the toughest "problem areas".

Features/Benefits

- Orange Powder turns Green when in Contact with Water
- Fresh Pine Scent
- Can be used on all floors

General Usage Directions

Use 6 ounces to 3 gallons of water. Dissolve thoroughly, mop, or scrub. Rinse completely. For heavier soils, wet floors and sprinkle **Super Flare** lightly over wet area and allow to soak for 3 to 5 minutes. For mops, brooms, etc: to avoid sour odor and mildew, wring out in **Super Flare** solution (2 ounces to 1 gallon of water) rinse and let dry.
