

LIFT OFF

5000

TECHNICAL DATA

General Purpose Cleaner

Product Description and Purpose

Lift Off is a premium liquid all-purpose cleaner degreaser containing a blend of alkaline salts, neutral solvents and hard water sequestrants. Lift Off contains wetting and penetrating agents, anti-redeposition agents and rinse agents to remove organic and greasy soils and yet is mild enough for manual cleaning applications.

Features/Benefits

Versatile
Inhibited Formulation
Concentrated
Solvent Type Properties
Non-flammable

Suited for Many Applications
Non-Corrosive to Equipment
Economical to Use
Cleans Greasy Soils

Surfaces Applicable

Lift Off is non-corrosive to most surfaces when used as directed.

General Usage Directions

FOAM CLEANING: 2.0-6.0 oz/gallon. Rinse equipment thoroughly. Apply foam through applicable foam equipment utilizing warm (100° F) water if possible. Scrub. Rinse and follow with approved sanitizer.

SPRAY CLEANING: 2.0-6.0 oz/gallon with low-pressure or high-pressure
